Experience

Current

OWNER - SKYMODO MEDIA

Freelance

Single-handedly providing photography, videography and editing services.

Using own production gear to capture videos for events, promotional content, advertisements, short films, music videos for both private customers and client companies.

Photography of people (models), products, real estate, events.

Narrating of content via voiceover, using my own voice.

Editing, color grading and delivery in desired formats.

Jan 2021 - Present

4 mos

VIDEO CREATIVE - COMPANYOUNG / LONGSTORYSHORT

Full-Time

Taking part in film and photo productions all over Denmark - together with the team at CompanYoung (FKA LongStoryShort) - I have worked on 20+ productions with a focus on storytelling: campaign films, social media advertisements, employer branding films, voiceovers, photography and much more.

Taking ideas from the brainstorming table - through production - to delivery in a wide range of formats - all wrapped in the focus of conveying enticing stories and driving engagement.

Aug 2023 - Dec 2023

1 Yr 4 mos

CONTENT CREATOR - DECK1

Part-Time

Digital content creation, editing, photo/videography, voiceover.

Creation of short informational videos & longer visual tours, showcases and interviews.

Planning and physical production of photos and videos - covering the process from production to final delivery. Own voice for voiceover.

Dec 2020 - Mar 2022

Software Skills

DaVinci Resolve

Efficient editing of narrative-driven content with audio - good sense of pacing to help drive the message of the content. Multi-cam edits.

Color grading - proficient use of nodes to achieve a wide range of looks. Manipulation of 8/10-bit wide color gamut footage. Ability to achieve cohesive results from different sources.

Utilization of motion titles, transitions, VFX, as well as audio post-processing.

Lightroom

Efficient editing of RAW images. Great understanding of composition, masking and selective editing tools.

Photoshop

Ability to remove unwanted objects from images. Good understanding of adjustment layers and filters. 3D text placement.

Adobe XD

Creation of sleek and modern graphics and user interfaces. Mostly familiar with flat design. I created this CV using this software.

Audacity

Noise removal, equalization.

Education

Bachelor

DIGITAL CONCEPT DEVELOPMENT

University College of Northern Denmark

Achieving knowledge, skills and competences in strategic, operational and business-oriented aspects of digital concept development based on the principles of design thinking.

Developing concepts that combine different disciplines such as design and e-commerce, communication and marketing, concept and business development, user understanding, technology understanding and project management.

2019-2021

AP

MULTIMEDIA DESIGN AND COMMUNICATION

University College of Northern Denmark

Ability to single-handedly design, plan, implement and manage multimedia tasks.

Working with user interface development, user experiences, content production, business and technology. Bridging the gap between technical, problem solving and creative skills through management of development processes. Creating rich and user-friendly interfaces, coding and programming functionality.

2017-2019

About

I discovered the world of content creation when I was 13 - recording video games and editing short montages - and I never stopped since.

I take and edit photos and videos as a hobby, allowing me to experiment with techniques even when I'm not working.
